

The progress of an afternoon at the nursery

We welcome you from 1:30pm to 2:15pm. The nursery team will ask for informations about your child (need to sleep, what time he ate ...) in order to keep your and his habits. You can bring your child to the nursery even if he's sleeping. We can also propose him a nap on site in a bed or a stroller.

Your child chooses his activities (games, puzzles, motricity ...). He can move from one activity to another, at the table, on the floor or a carpet. He can play alone or with others. The team let him do as he wishes while keeping a discreet eye on him.

At 2:30pm, a collective manual activity is available (painting, modeling clay...). Your child chooses to participate or not. Other materials are also available such as music, puppets or playback.

Older children have a collective snack around the table at about 3:30pm. Bottles for babies will be given based on the child's individual habits.

After the snack, while waiting for your return, we'll offer activities for learning motor skills.

NURSERY

*from
Maison des Squares*

*You're involved in a social or professional
integration approach ?*

*From 3 months to 3 years old,
you can register your child to
the nursery.*

For who ?

Maison des Squares offers childcare for children from 3 months to 3 years old whose parents are involved in a social or professional integration approach (french courses, internship, job search, interviews...). This nursery gently prepares your child to spend his own time and facilitates community life before school.

When ?

It's open on Tuesdays and Thursdays from 1:30pm to 4:30pm during school periods. A financial contribution is requested : 1 euro for half a day and 0,50 euros for a second child's sibling (it's possible to buy a 5 euros card for 5 sessions at Maison des Squares). In addition, membership of 2 euros per person per year will be required.

Where?

The nursery is located in a family room in 1, place de Serbie.

Who looks after children ?

Welcoming is assured by a graduate professional and a volunteer's association. A third person from french courses supports the team in turn.

What should I bring to the nursery ?

- Health record (at the first session, for certificate of vaccinations' photocopy)
- Snack
- A change of clothes (diapers - wipes)
- A pair of slippers
- An object from the house to confort the child (mom's clothing, for example)

How goes the first session ?

For your child to enjoy a smooth learning of this new environment, we ask you to stay with him the time he needs to adapt. Before coming here, you can also inform him he'll spend the afternoon at the nursery even if he's small and doesn't speak yet.

We'll ask you to fill out an information form to help us for a better understanding of your child.
